### Policy/Procedure

**1.** General station security is the responsibility of the Station Commander. Long-term security issues unique to a station shall be addressed by said Commander; however, all stations shall be locked:

1. During the day when the station is not occupied, and
2. No later than 2300 hours.

**2.** Company Commanders shall be conscious of daily security issues and implement additional security measures as needed during their respective tours.

**3.** Extra precaution shall be taken during public events which cause people to be gathered in or near a station, during periods of civil disturbance, or during periods of heightened national security.
