2125.15 Grievance Procedure

A grievance hereby is defined to be any controversy, complaint, misunderstanding or dispute arising from the interpretation, application or observance of any of the provisions herein or any supplement hereto. If the Union or an employee has a grievance, complaint or dispute, it shall be handled in the following manner.

For the purpose of this section, the term "days" is defined as Monday through Friday, weekends and holidays excluded. However, any reference to "calendar days" will include holidays and weekends.

When an employee has a grievance, they shall notify the Grievance Representative of the Union within seven (7) days of the occurrence or knowledge thereof. The grievance shall be in writing on a mutually agreed upon grievance form and must contain the date of the occurrence, who was involved, and the section of the contract violated, if applicable, along with as much information as possible as to the grievance. The grievance representative shall submit the grievance to the step above that at which the grievance occurred, except when the grievance arises from actions at the Fire Chief's level or above, then the grievance will be submitted at Step Two.

- **STEP ONE:** The grievance shall be submitted to the Fire Chief or their designee who shall attempt to settle the grievance within seven (7) days. The written answer of the Chief or their designee shall answer the specific allegations raised in the grievance and add whatever information they feel is pertinent to the grievance. If the answer of the Chief or their designated representative is not satisfactory, then the employee/Union shall have seven (7) days to decide if they wish to take this grievance to the next step.
- **STEP TWO:** If the grievance is appealed to Step Two, the Union shall submit the grievance, in writing, to the Directors of Public Safety who shall attempt to settle the dispute and provide a written answer within seven (7) days. In complex cases the Association President may request to meet with the Safety Director or their designee to explain the grievance when it is submitted. If a meeting is agreed upon, the time frame for responding shall be extended to seven days after the meeting.
- **STEP THREE:** If the answer of the Directors of Public Safety is not satisfactory, then the Union Executive Board may call for binding arbitration. If it is the decision of the Union to appeal the grievance to arbitration, the Union shall so notify the Director of Public Safety and the Fire Chief in writing within sixty (60) calendar days after the Step Two answer has been received by the Union. Failure to provide written notification within sixty (60) calendar days shall constitute a violation of

Section 2125.16 "Default in Answer."

The name of the arbitrator will be selected from a panel requested from the Federal Mediation and Conciliation Service (FMCS), American Arbitration Association (AAA) or the Labor Management-Citizens Committee, whichever service is mutually agreed upon. If the parties cannot agree upon a service, then FMCS will be used. Within seven (7) work days after selection of the service, either the City or the Union shall request a panel of seven (7) names from the appropriate service. Upon receipt of the panel, both parties shall meet within seven (7) working days to select the arbitrator using the alternative strike off method.

The hearing shall be conducted by the Arbitrator in whatever manner will most expeditiously permit a full presentation of the evidence and arguments of the parties. The cost of any stenographic record of the proceedings shall be paid by the party requesting such record. If there is no stenographic record, then the Arbitrator shall make an appropriate record of the proceedings. Normally, the hearing shall be completed in one (1) day. In unusual circumstances and for good cause shown, the Arbitrator may extend the hearing, within five (5) workdays. There may be post hearing briefs at the request of either party.

The Arbitrator may proceed in the absence of any party who, after due notice, fails to be present. An award shall not be made solely on the default of a party. The Arbitrator shall require the attending party to submit supporting evidence. The Arbitrator shall be the sole judge of the relevancy and materiality of the evidence offered. When both sides have completed their presentations, the Arbitrator shall ask whether either party has any further evidence to offer or witness to be heard. Upon receiving negative replies, the Arbitrator shall declare and note the hearing closed.

The award shall be rendered promptly by the Arbitrator and, unless otherwise agreed by the parties, not later than thirty (30) calendar days from the date of the hearing or the date on which the briefs are submitted, whichever is later. The awards shall be in writing and shall be signed by the Arbitrator.

The expenses of non-City employee witnesses for either side shall be paid by the party producing such witnesses. City employees called as witnesses shall be paid if called during normal working hours.

The Arbitrator shall interpret and apply these rules insofar as they relate to the Arbitrator's powers and duties. The decision rendered by the Arbitrator shall not be precedent setting but will be final and binding on the specific issue involved. Cost of the Arbitrator shall be borne by the loser.

Issues that were resolved as a result of grievances filed prior to the date of this agreement may be raised as an indication that a prior history exists (past practice) on grievances filed on similar matters during the term of this agreement.

Delivery of grievances and grievance answers shall be at the secure location provided at department headquarters or by fax or email, to be followed up by written acknowledgment of receipt.

All resolutions of grievances shall be in writing, signed by both parties; the City shall forward these agreements to all parties necessary to implement the award.

The foregoing timelines may be shortened or extended by mutual agreement of the parties. Further, the Parties agree that timelines may be extended by mutual agreement to discuss issues prior to filing a formal grievance.

Complaint Procedure

A complaint procedure is hereby established to resolve all matters that are not a direct violation of a specific section of this agreement. These complaints shall be forwarded to the Chief, in writing, for an initial resolution, using the grievance procedure as an outline as to procedure.

If the complaints cannot be resolved with the Chief, they will be presented to a mutually selected Umpire, whose decision shall be binding on the parties.

The decision of the Umpire shall not be then subject to the grievance procedure section 2125.15.

The parties will establish with the Umpire the procedures for filing, hearing and processing the complaints.

Additionally, if a question arises under 2125.15 as to whether a prior grievance is a past practice or not, the Umpire will resolve this matter prior to a formal grievance being presented.

If the mutually agreed upon Umpire is to be replaced and the parties cannot mutually agree on a successor Umpire, then the current Umpire shall name their own successor.

2125.16 Default in Answer

In the event that the City fails to answer a grievance within the time required at any step of the grievance procedure, or if the Union fails to appeal the answer given to the next step of the grievance procedure within the time allowed, then the grievance shall be considered settled against the side which has defaulted. However, any of the time limits in the grievance procedure may be extended by mutual agreement; such agreement shall be in writing and initiated by the requesting party. Grievances settled by default cannot be the basis of establishing precedent for the settlement of any other grievances.

2125.17 Emergency Condition

Where there is an emergency condition, upon mutual agreement between the person who should answer the grievance at each step and Local 92, any step or steps in this procedure may be combined to accelerate the resolution of the emergency condition. Each person responsible to answer at each step shall make an immediate decision as to whether the grievance is to be advanced. When there is an agreement at the Second Step that an emergency condition exists, it shall proceed as an emergency through the remaining steps of the grievance procedure.

2125.18 Retraining/Counseling

Counseling is not a disciplinary step and should not be used when employees are in direct violation of

Department guidelines, policies, rules, and procedures. Counseling shall be regarded as a suitable step of retraining with employees whom, by their actions, lack understanding of department guidelines, policies, rules, and procedures. It is to be understood that counseling is to be considered retraining, and shall not be used in a punitive nature (i.e. considered negatively when the member is being considered for promotion or transfer).

When it becomes necessary for an officer to counsel an employee, it shall be done in private in a manner which will not cause embarrassment to the employee. The employee shall be made aware that a record of such counseling is being maintained in the supervisor's files or records, and the employee shall be given a copy of the supervisor's notation. The employee shall acknowledge receipt of same by signing and dating the original copy.

All counseling records shall be removed from files after a period of one (1) year from the date of issuance.

2125.19 Written Reprimands

When minor infractions occur, a written reprimand may be issued by a superior officer to a subordinate. Such reprimand shall not be issued without the approval of the Battalion Chief. A meeting shall be held between the affected member, the issuing officer, and a Chief Officer from the Bureau which the reprimand is generated. The affected member shall have union representation at this meeting if desired.

If the member so chooses, during this meeting, the reprimand shall be reduced to charges and pursued through the disciplinary process. The member may, within five (5) days or two (2) work tours, request a review of the reprimand by the Deputy Chief in charge of that platoon or bureau. The Deputy Chief's decision shall be final.

If a written reprimand is issued by a Battalion Chief, it shall be reviewed by the appropriate Deputy Chief within five (5) days or two (2) work tours.

Upon the approval of the Deputy Chief, notice of the written reprimand shall be forwarded to the Fire Administration and recorded on the disciplinary record of the affected member. At the same time the signed written reprimand is forwarded to the Fire Administration a copy shall be sent to Local 92. This reprimand shall remain a part of the disciplinary record for a period of one (1) year.

In the event that the procedure as set forth in this section is not followed, then the charges against the member will be dismissed without prejudice.

Written reprimands shall be issued within the time frames required for the issuance of charges as specified in Section 2125.20, "Suspension or Disciplinary Action".

2125.20 Suspension or Disciplinary Action

When a member is to be suspended or disciplined, the Fire Chief shall have the charges reduced to writing. One (1) copy shall be delivered to the Local 92 President or their designee, within fifteen (15) office days of the occurrence or knowledge thereof, or within thirty (30) office days if the Department has a legitimate need for additional time to complete its investigation. If the latter time is taken, the Department shall notify the Union why it is being taken. However, approval is not required provided the charges are brought within the thirty (30) day period. Delivery to the union president or their designee shall be deemed to have occurred if hand delivered, faxed, or emailed (with follow-up communication in writing) to the union hall. A second copy shall be delivered to the member. Delivery shall be deemed to have occurred if charges are hand delivered or in the event hand delivery fails (at work at the member's last address of record), placed in the U.S. Mail (certified, return receipt requested), with a certification of mailing to be completed by the individual who mails the copy. Where resort to U.S. Mail occurs, the date of posting shall control and a written certification shall be provided to the Hearing Officer stating the date of mailing and address to which mailed. In the event of pending civil or criminal matters, the above time frames for conducting an investigation may be extended until the conclusion of such litigation.

For the purpose of this section, days are defined as official office days, Monday through Friday, weekends and holidays excluded.

There shall be no press release by the City or the Association regarding the employee under investigation until the investigation is completed and the employee is either cleared or charged.

Any member called to the Chief's office for disciplinary action or where such action shall be discussed shall be afforded the right to have Union representation and/or Union legal counsel to be present, at the discretion of the Union. If so desired, one or both shall be obtained prior to such hearing.

A hearing shall be held on a date and time mutually agreed upon not more than fourteen (14) days, nor sooner than seven (7) days from the date of the charges. In the event the hearing cannot be scheduled within these time frames because of the absence of the member or the Chief or their designated representatives for any reason, then it shall be held within seven (7) days after the return of the member and/or Chief and their designated representatives.

In rare circumstances, when an employee has a pending hearing and is on sick pay for thirty (30) days, a hearing may be scheduled by the City. The Department shall make three (3) attempts via certified mail/home visit to schedule a hearing. The member will be given the option to attend the hearing in person or via phone with a union representative and/or attorney present. If the member does not participate in a scheduled hearing on the City's third attempt, the hearing will be held without the member. The Parties agree that a member's lack of participation in the hearing cannot be grieved.

The Fire Chief or their designee shall hear the evidence in support of the charges and the evidence in defense of the charges and shall endeavor to ascertain the truth of the charges. The Chief shall take whatever disciplinary action is merited based on the evidence that was heard. The decision of the Chief or their designee must be rendered within (15) days of hearing, unless both parties are in agreement of an extension of this deadline.

If the Chief has suspended a member of the bargaining unit, then the Chief shall forthwith, in writing, certify to the Director of Public Safety the fact of such suspension. Within fifteen (15) days from receipt of such certification, the Director of Public Safety shall proceed to inquire into the cause of the suspension as provided in Section 143 of the Charter of the City of Toledo. The Director of Public Safety may conduct a hearing on the suspension and the member shall be represented at such hearing as is provided above.

In the event of an appeal hearing, the appellant shall waive the fifteen (15) day limitation imposed in Section 143 of the Charter of the City of Toledo and a hearing date will be established at a time mutually agreeable to the Administration and the employee.

The Director of Public Safety or their designee shall render judgment and take action within fifteen (15) days of the start of the inquiry.

The decision of the Director of Public Safety may, at the request of the employee, be appealed to the Civil Service Commission as provided in Section 144 of the Charter (within ten days from and after the filing) or, at the discretion of the Union, be submitted to final and binding arbitration.

In the event that the procedure as set forth in this Section is not followed, then the charges against the member will be dismissed without prejudice.

The City shall only retain disciplinary records (including but not limited to records contained in the personnel service file and investigative files) for the time periods set forth in the following schedule:

The above period shall commence upon issuance of the Safety Director's decision, or in investigations resulting in a reprimand or in a finding of exonerated, non-sustained, or unfounded, upon such finding. Commencing January 1, 1991, and thereafter all disciplinary records maintained by the City that exceed the above retention schedule shall be destroyed. The City may maintain a statistical record showing numbers, types, and levels of discipline and a statistical profile of members disciplined, but shall not maintain any records identifying individual members beyond the specified periods.

2125.23 Relief from Duty

No member of the Bargaining Unit shall be relieved from duty without first being afforded a hearing as provided in Section 2125.20 except where it is necessary to immediately relieve the member from duty for the safety and welfare of the community, or to preserve the good order and discipline of the Department. If a member is unable to work prior to hearing, due to incarceration, loss of **driver's** license or **EMT-B certification, and/or Firefighter II** certification, the member will have the choice of using vacation time, comp time, or being taken off payroll. Uncompensated time will be credited toward any discipline given.

At the Fire Chief's discretion, the member may be placed on restricted duty with pay until they obtain the required driver's license, EMT-B certification, and/or Firefighter II certification.

If the member is not able to obtain the required driver's license, EMT-B certification, and/or firefighter II certification after one (1) year, the member may be terminated.

2125.24 Drug and Alcohol Testing

1. Policy: Statement

The Toledo Fire and Rescue Department recognizes illegal drug usage and abuse of alcohol as a threat to the public safety and welfare and to the employees of the department. Thus, the Toledo Fire and Rescue Department will take the necessary steps, including drug and alcohol testing, to eliminate illegal drug usage and alcohol abuse. The goal of this policy is prevention and rehabilitation rather than termination.

2. Definitions

The term "drug" includes cannabis as well as other controlled substances as defined in the Ohio Revised

Code.

The term “illegal drug usage” includes the use of cannabis or any controlled substance which has not been legally prescribed and/or dispensed, or the abusive use of a legally prescribed drug.

3. Notice and Education of Employees Regarding Drug and Alcohol Testing

All employees will be informed of the Department’s drug and alcohol testing policy before testing is administered.

Employees will be provided with information concerning the impact of the use of drugs and alcohol on job performance. In addition, the employer will inform the employees of the manner in which the tests are conducted, the reliability of the tests performed, under what circumstances employees will be subject to testing, what the tests can determine, and the consequences of testing positive for illegal drug use or alcohol abuse. All new employees will be provided with this information when initially hired. No employee shall be tested until this information has been provided.

4. Basis for Ordering an Employee to be Tested for Drug or Alcohol Abuse

Employees may be tested for drug and/or alcohol abuse one time per calendar year and under any of the following conditions:

1. Where there is reasonable suspicion that the Firefighter to be tested is using or abusing illegal drugs and/or alcohol. Where the Chief orders the test, they shall give their “reasonable suspicion” reasons for requiring the test(s) prior to testing in writing. Such report shall be confidential, but a copy will be given to the employee.
2. Those firefighters on a promotional eligibility list may be tested prior to promotion. Members may be tested prior to being added to the Lucas County Drug License. Random or mass testing is prohibited. All orders requiring employees to submit to drug and/or alcohol testing shall be in writing setting forth the reasonable suspicion before the testing is ordered.
3. After any vehicular accident, involving a City vehicle, in which an employee is the driver, the employee may be tested for drug and/or alcohol abuse at the Chief’s discretion.

5. Urine Samples

Specimen collection will occur in a medical setting and the procedures should not demean, embarrass, or cause physical discomfort to the employee.

Each step in the collecting and processing of the urine specimens shall be documented to establish procedural integrity and the chain of evidence.

For a firefighter who tests positive, a professional medical interview with the employee will serve to establish use of drugs currently taken under professional medical supervision.

The employee designated to give a sample must be positively identified prior to any sample being taken.

Specimen samples shall be sealed, labeled and checked against the identity of the employee to ensure the results match the tests. Samples shall be stored in a secured and refrigerated atmosphere until

tested or delivered to the testing lab representative.

Upon request, an employee shall be entitled to the presence of a union representative before testing is administered, but the exercise of such right shall not unreasonably delay the collection of the sample. For alcohol tests, "unreasonable delay" means twenty (20) minutes or more; for drug tests, "unreasonable delay" means two (2) hours. The city shall notify the union if the administration knows in advance drug or alcohol testing will take place.

6. Alcohol Testing Procedures

An initial positive level of .04 grams per 210 L of breath shall be considered positive for purposes of authorizing a confirming alcohol test. An Evidentiary Breath Test (EBT) is used to confirm any initial positive test result. If initial screen results are negative, i.e., below the positive level, testing shall be discontinued, all samples destroyed, and records of the testing expunged from the member's personnel file. Only members with screen test results that are positive on the initial breath screen shall be subject to confirmation testing for alcohol. With respect to confirmation testing, a positive alcohol level shall be .04 grams per 210 L of breath. If confirmatory testing results are negative, i.e., below the positive level, all records of the testing shall be expunged from the member's personnel file.

In the event of an accident where an employee has a "whole blood" alcohol drawn at a medical treatment facility, a result of equal to or greater than .04 grams per 100 mL of blood shall be considered to be a verified positive result.

Upon request, an employee shall be entitled to the presence of a union representative before testing is administered.

7. Drug Testing Procedures

The laboratory selected by the City to conduct the analysis must be experienced and capable of quality control, documentation, chain of custody, technical expertise, and demonstrated proficiency in urinalysis testing.

The testing or processing phase shall consist of a two-step procedure.

- **i.** Initial screening step, and
- **ii.** Confirmation step. The urine sample is first tested using a screening procedure. A specimen testing positive will undergo an additional confirmatory test. An initial positive report will not be considered positive; rather it will be classified as confirmation pending.

Where a positive report is received, urine specimens shall be maintained under secured storage for a period of not less than one (1) year.

Any sample which has been adulterated or is shown to be a substance other than urine shall be reported as such.

All test results shall be evaluated by a suitably trained physician, or a person with a Ph.D. in chemistry or a related science, or the equivalent in related education or experience, prior to being reported.

All unconfirmed positive test records shall be destroyed by the laboratory. Test results shall be treated

with the same confidentiality as other employee medical records. Test results used as evidence for disciplinary action shall also be entitled to the same confidentiality.

8. Screening Test Standards

The lab shall use an immunoassay which meets the requirements of the food and drug administration for commercial distribution. The following initial immunoassay test cutoff levels shall be used when screening urine specimens to determine whether they are negative for the eight (8) drugs or classes of drugs:

9. Limitations

All drug and alcohol testing shall occur while the employee is on duty.

10. Disciplinary Action

Members, who, as a result of being ordered to be drug tested, are found to be abusing drugs may be subject to dismissal. Members, who, as a result of being ordered for alcohol testing, are found to have .04 and above blood alcohol content will be subject to discipline and/or evaluation. If a member is found to have a 0.02-0.039 blood alcohol content, member shall be sent home without being subject to discipline. The member must utilize vacation time, comp time or be placed off payroll. After 8 hours member may choose to have a repeat alcohol test and return to duty. Refusal to submit to a drug or alcohol test, adulteration of or switching a urine sample may also be grounds for dismissal.

11. Right to Appeal

A member disciplined as a result of a drug or alcohol test has the right to challenge the results of such drug or alcohol test through the disciplinary appeal procedures.

12. Voluntary Participation in a Dependency Program

A member may voluntarily enter a chemical dependency program. This may be done through the Employee Assistance Program or by direct contact with the other providers of such services. Knowledge gained by the employee's voluntary admission or participation in a chemical dependency treatment program shall not be used as the basis for discipline. Information regarding treatment of employees in chemical dependency programs shall remain confidential and shall not be released to the public. A firefighter shall be allowed to use sick time or any other accumulated leave to enter into an in-patient treatment program.

Although a member will not be subject to disciplinary action where they voluntarily submit to treatment, prior to the administration's knowledge of the dependency as discussed above, the Department reserves the right to ensure that the member is fit for duty. A member found temporarily unfit for duty because of drug or alcohol abuse shall be treated as are those similarly situated, i.e., sick leave, temporary reassignment, if available.

13. Duty Assignment After Treatment

Once a member successfully completes rehabilitation and is fit for duty, the member shall be returned to the regular duty assignment. Reassignment during treatment shall be at the discretion of the Chief, based on each individual's circumstances. If follow-up care is prescribed after treatment, this may be imposed as a condition of continued employment. Once treatment and any follow-up care is completed, at the end of two years the records of treatment and positive drug test results shall be retired to a closed medical record. The member shall be given a fresh start with a clean administrative record, except that discipline records shall be retained as is provided for in Section 2125.22.

14. Right of Association Participation

At any time, a member shall be afforded the right to union representation, the Union, will have the right to inspect and observe any aspect of the drug and alcohol testing program with the exception of individual test results. The Union may inspect individual test results if the release of this information is authorized by the employee involved.

15. Held Harmless

This drug testing program is initiated solely at the behest of the employer. The Toledo Fire and Rescue Department shall be solely liable for any legal obligations and costs arising out of employees' claims based on constitutional rights regarding the application of this Section of the collective bargaining agreement relating to drug and alcohol testing. The Union shall be held harmless for the violation of any employee's constitutional rights.

The employer is not responsible for any legal obligations and costs for claims based on the Union's duty of fair representation.

Newly hired employees shall have no seniority during their probationary period, but upon completion of the probationary period their seniority date shall be the date of hire. All new employees shall serve a probationary period of one hundred (100) tours after completion of the Fire Academy. No Fire Trainee shall receive any fringe benefits, other than hospitalization and coverage for industrial disability and pension as established in the State of Ohio, during the first sixty (60) compensated workdays of their employment with the Department. However, provision shall be made for their coverage, by self-payment of appropriate fees, for other types of insurance which are available to other employees.

2125.27 Seniority; Regular Employee

Seniority shall be established as of the date of the employee's appointment to the Toledo Fire and Rescue Department and shall be the total length of their continuous service after that date. Seniority shall be used for, but not limited to, the purpose of determining layoff and recall (from layoff) rights and the eligibility to take promotional examinations in the Department. Where more than one employee has

been appointed on the same date, then their seniority shall be in accordance with their position on the original appointment list.

Sick days and other benefits to which such employee is entitled, accrued prior to the date of the employee's entrance into the military service shall be preserved until their return to City employment. All such appointments shall be subject to the priority rights of the permanent employees granted military leave.

(B) Military Leave

When an employee is called to active duty with their assigned military unit (excluding voluntary duty), they are entitled to a leave of absence from their respective city position without loss of pay for the time they are performing service in the uniform services. They shall receive 51 days or 408 hours per calendar year of

city paid military leave. While on military leave, the city shall continue all employer benefit coverage including: vacation and sick leave accrual allowance, lump sum and stipend payments, pension contributions and spouse and dependent health care coverage. An employee shall qualify for short term military leave coverage even if the leave is not for a one month continuous military assignment. An employee shall be entitled to all pay (both city and military) received during their short term military assignment. This pay is not for the purpose of attending monthly organizational or training meetings in a reserve unit.

Long term military leave shall be defined as a military duty assignment that exceeds fifty-one (51) days (either continuous or with interruption) or where a short term military leave assignment extends beyond the fifty-one (51) days. The city shall continue all employment benefit coverage for said employees during this period, to include: vacation and sick leave accrual, allowance, lump sum and stipend payments, pension contributions, and spouse and dependent health care coverage. This provision is intended to provide all employees, called to active duty as described, with the same amount of pay and benefits they would have received had the need for their military service not arisen. Payment and benefits shall be made to employees from the date of absence as a result of active military duty until they return to city employment and payroll.

In the event that there is no list available at the time the vacancy occurs, then the vacancy shall be filled within thirty (30) days after the list has been established. A promoted officer shall be in a promotional probationary period for forty-five (45) on-duty tours of duty, or for officers promoted to a position on a regular forty (40) hour work schedule, one hundred twenty (120) days of actual work in their former rank during this period, they shall be reinstated to their former rank. promotions, shall be used as the date for recalculating the composite score based on updated seniority and discipline points. The recalculations will not be retroactive. The Monitoring Panel (as referenced in Section 2125.30 "Promotions") shall meet within five (5) business days (as that term is defined in Section 2125.20 "Suspension or Disciplinary Action") to review the selection. 2125.38 Medical/Physical Fitness Standards

Local 92 and the City of Toledo recognize that the health and wellness of a firefighter is an area of mutual concern. The parties have therefore agreed that firefighters may annually be required to participate in a mandatory wellness evaluation. Based on the IAFF/IAFC Wellness-Fitness Initiative (WFI), the evaluation will consist of some or all of the following:

- A. Cholesterol evaluation
- B. Fasting blood glucose
- C. Blood pressure
- D. Heart rate
- E. Height/weight
- F. Hearing/Vision Test
- G. Pulmonary Function Test
- H. Chest X-Ray
- I. Body Composition (Skinfold or Hydrostatic)
- J. 3-minute step test
- K. Cardiovascular fitness (fire bicycle or treadmill test establish VO2 max)
- L. Upper body strength (fire bench press or push-up test)
- M. Grip Strength

- N. Arm Strength
- O. Leg Strength
- P. Core Stabilization (Plank Test)
- Q. Flexibility Test

It is agreed that the plan's intent is to enhance overall wellness level of the department, to enable individual firefighters to learn about their general wellness levels, and to educate firefighters on methods of improving their physical condition. The plan is not intended for use as a basis for any punitive, disciplinary, or other adverse employment action.

The parties specifically recognize that this program involves medical evaluation and treatment of members. Records that are generated pertain to the medical condition of members. Confidentiality over all aspects of the program is therefore considered fundamental. It is expressly understood that any records generated are considered medical records within the meaning of O.R.C. 149.43.

In order to ensure the integrity of the fitness standards process, the Parties have further agreed as follows:

- 1.** No records shall be maintained that identify an individual firefighter and show their performance on any aspects of the evaluation. Only firefighters will receive their individual results. Together with their results, firefighters will also be provided with information on improving their physical condition.
- 2.** No firefighter shall be subject to discipline or other sanction as a result of their participation in the Wellness/Fitness Evaluation. Only those firefighters deemed unable to take the test shall be excused. The wellness panel shall discuss any dispute regarding participation with the understanding that participation is mandatory.
- 3.** A four-person panel comprised of two representatives of the Local 92 and two selected by the Chief shall convene to discuss any issues from the scheduling and conduct of that evaluation.
- 4.** No data whatsoever shall be created from the results of the evaluations until the wellness panel (A) mutually agrees that such record will not constitute a public record; or, (B) agrees upon an acceptable format for the record; or (C) agrees upon some other resolution. The city reserves the right to discontinue the wellness plan if the statistical record issue is not satisfactorily resolved. If the issue is resolved, as set forth above in 4 (A, B, C.), then any statistical record created from the results of evaluations shall only show numbers of firefighters evaluated in various demographic groups and their aggregate evaluation results. Such statistical record shall be released to the four person panel. The panel shall then review and discuss those results.
- 5.** The results of the evaluations or this program shall not be used in future bargaining in support of any proposal toward compelled compliance with evaluation results; nor shall results be used to support any proposal providing a right of disciplinary action based upon individual action based upon individual evaluations.
- 6.** Any records maintained by the wellness/fitness provider for purposes of generating statistical reports shall only be retained until the next report is generated. Statistical reports may be retained indefinitely, subject to the conditions contained herein.
- 7.** Neither the City nor the Toledo Fire and Rescue Department shall volunteer the results of the

evaluation to any other entity. The City and Local 92 will jointly evaluate any public request made regarding the Wellness Program. It is further agreed consistent with the wellness Evaluation Program that no data shall be generated unless the mandates of paragraph 4 (A) (B) (C) are met.

- **4.** The member requesting voluntary holdover shall make the request prior to 0700 hrs. The company officer shall be notified, who then shall notify the battalion chief. Members may request voluntary holdover up to five (5) times per year.

2125.54 Transfers

The Chief shall have all vacant bid positions posted at least ~~two (2) times~~ **three (3) times** per year (March, **June**, and August). Bid cycles shall consist of at least two (2) rounds for all vacant bid positions within the Department. Members will be moved within seven (7) tours of the date bids are awarded following the last round. Vacant bid positions are defined as positions, not currently held by bid. These notices will be posted for seven (7) days (excluding weekends and holidays) in all stations and bureaus. Special bids shall be in addition to the above. All newly created positions shall be put up for bid before being filled. Special qualifications, if any, shall be listed on the notice.

(A) Line transfers and bids for salary group 80 will be by job seniority. Line transfers and bids for salary group 81 and 82 will be by salary group seniority. Line transfers will be by classification seniority only. Line transfers are transfers involving those positions that are counted in minimum staffing language in 2125.58 or their equivalent.

(B) Any member receiving a bid that requires special training shall be afforded said training at no expense to the employee. The Fire Department shall provide specialty training at the first reasonable opportunity. A member required to attend training on a day off shall be compensated at the overtime rate. If a member refuses or fails to achieve the required training at the first reasonable opportunity, the member will lose that position and will be returned to their former position or, if that position has been filled, then they may be placed into a relief pool until such time as they may bid. If a member is determined by the Chief not to have attended training at the first reasonable opportunity, the member may seek review of the union/management committee at its next meeting for a final determination.

(C) Staff transfers (Bids) will be filled by the Chief of the Department with consideration of previous education, experience, discipline and seniority. Staff transfers are transfers involving only those positions not counted in minimum staffing language in 2125.58. Members who accept a temporary staff assignment **after ratification** shall have the ability to hold their former line bid for a period not to exceed ~~twenty-four (24)~~ **eighteen (18)** months. After ~~twenty-four (24)~~ **eighteen (18)** months, their former line bid will be placed up for bid in the next bid cycle. Members who are working in staff positions shall not bid line positions if they will not be returning to the line before the next bid cycle.

(D) Probationary firefighters will be transferred as a group at predetermined times during their probationary period.

(E) Once a member receives a bid, they shall retain that bid until such time as they voluntarily bids to another position. Additionally, to prevent blocking a line spot, once a member receives a bid, in the next cycle or round of bids, they will not be awarded a bid back to their previous position, unless no other member has bid for that spot. At the mutual consent of the member and the Chief of the Department and for the good order of the Department, said member may be placed into a relief pool until they have the opportunity to bid into a vacant position. When a mutual agreement does not exist, a transfer review panel will be assembled within seven (7) calendar days to determine the member's status. The panel shall consist of three (3) members. One (1) shall be the fire chief or their designee, one (1) shall be union president or their designee, and one (1) shall be from the human resources department. A bargaining unit member may only be removed from their bid in an emergency situation such as, where a pattern of extreme conflict exists, as determined by the transfer review panel. A member removed hereto shall have the opportunity to bid to a different spot and will not be subject to paragraph (L) herein.

(F) When a rig is relocated (excluding specialty units), the members assigned to that rig will remain with the rig or have the option of being placed into a relief position. All existing non-paramedic bids may become station bids if the member chooses. The member must submit a communication.

(G) When a member is awarded a bid the member's vacation and Kelly Day will be moved with them if they are on the same shift. When the member changes shift, the administration will attempt to move the two week vacation period to the same period of time off the member had previously chosen on the other shift.

(H) The relief pool shall be composed of all employees who have not been awarded a bid excluding probationary firefighters.

(I) Temporary line assignment positions are positions that **are anticipated to remain vacant for six (6) or more tours in a row or** were put up for bid & left vacant. They shall be filled with relief pool personnel. Temporary assignments shall be offered in order of seniority among relief pool personnel on that shift; **however, members with specialty certifications will be given priority for specialty**

assignments. If the member does not accept the temporary assignment transfer then they shall remain in the relief pool. If temporary assignments are not accepted by relief pool members then reverse seniority of that relief pool on that shift shall be used to fill the temporary assignments.

(J) Relief pool positions for officers are determined by the fire administration. However, when an officer relief pool position becomes available it shall be filled first by an officer who has submitted a communication requesting the relief pool with shift preference. Furthermore, officer seniority shall be used to determine order of placement.

(K) The numbers of relief pool positions are determined by the fire administration. When it becomes necessary to balance shifts, it shall be filled first by a member within the classification who has submitted a communication requesting the relief pool with shift preference. If no requests are on file, transfers for the purpose of equaling out the shift staffing will be done by reverse seniority, within the classification, starting with personnel without bids on the shift in which the transfer is to originate.

(L) An employee receiving twenty-four (24) hours or more suspension in a twelve (12) month period shall forfeit their rights to the procedures listed above for a twelvemonth period, commencing at the date of the safety directors finding.

(M) No employee holding a bid shall be displaced from their bid assignment and backfilled with relief unless the relief pool is first exhausted of all members of that specialty, classification, or rank, or if a particular member volunteers.

2125.55 Relieving Duties

Whenever possible, relieving assignments from station to station due to vacations, **Kelly days**, injuries, sickness, etc., shall be on a ~~district by district~~ **battalion** basis with the reliever remaining in their assigned district **battalion**.

No member shall be required to relieve in excess of five (5) tours during any one relief assignment, with the exception of those who may be assigned to a designated relief pool. No member shall be required to relieve at more than two stations during any one tour unless emergency conditions require adjustments. Members that are designated as first drivers by the Company Officer shall not be required to relieve **away from their bid station to a medic unit if there is a medic unit housed at their bid station.**

Normal non-officer relieving will be done on a rotating basis by everyone eligible for relieving duties. Personnel with a bid or who have been assigned a temporary assignment shall only relieve when the relief pool has been exhausted **of all personnel holding any certification required for the position to be filled. Those in the classification of Firefighter/Paramedic shall be utilized for ALS relief staffing. No Firefighter/Paramedic holding a bid shall be required to staff an ALS medic unit for more than 312 hours until all Firefighter/Paramedics in the same classification that are available to work on that shift have done so. Members of the PTO/FTO program may be utilized, in that capacity only, above the 312-hour limit.** ~~at that station.~~ (Refer to 2125.54.) This procedure can be changed if someone "volunteers" to relieve out of turn. Officer relieving will be scheduled through the battalion chief as it has in the past.

2125.56 Housecleaning

Annual wall and ceiling washing by Firefighters shall be limited to areas occupied by firefighting companies on a yearly basis. All other activities, other than emergency work shall be cancelled. Cleaning will be handled under section 2125.52. Basements and attics are not considered occupied areas. Equipment for cleaning will be supplied by the City of Toledo.

Only stations that have accepted, working, and properly installed Automatic Diesel Exhaust Emissions Ventilation Systems will clean more than the kitchens.

2125.57 Permit Issuance

2125.57 Schedule of Hours for Permit Issuance

~~All Fire Stations shall have schedules posted concerning the hours during which various permit applications and inspections shall be performed by station personnel. These hours shall be from 8:00 AM to 12:00 Noon, 1:00 PM to 5:00 PM, and 6:00 PM to 8:00 PM.~~

Minimum staffing for Heavy Rescue Squad units shall be established at three (3).

The minimum daily line strength shall be one hundred and thirteen (113). **Upon ratification of this agreement, all apparatus in service shall have ALS capability and staffing at all times. If ALS capabilities are not met due to unforeseen or unplanned circumstances or events, the Department shall have four (4) hours to rectify and comply with this standard prior to any grievance being filed. The parties agree that members may be sent out relieving to achieve this standard.**

Employees will not normally be recalled to duty when any other company is over minimum. In such

situations relief assignments from one company to another will be made when possible.

When a Firefighter is recalled, overtime payment will begin at the time the employee arrives at the station. A Firefighter held over pending the arrival of the recalled Firefighter will be paid at the overtime rate from the normal quitting time until properly relieved.

The above does not preclude consideration by the Toledo Fire and Rescue Department Administration for increases or reductions in the number of apparatuses, or to changes in the types of apparatuses utilized.

For the purposes of this agreement, at the Chief's discretion, an apparatus (engine, truck or squad) may be taken out of service.

At the Chief's discretion, apparatus may be temporarily taken out of service for detailing, maintenance, public relations, inspections, community relations, fire prevention, and recruiting, as outlined in 2125.99 "Detailing Agreement."

Relocation of apparatus is solely at the Chief's discretion.

2125.64 Distribution

Overtime shall be distributed among the members within their classification as equally as is practicable. Non-emergency recall by the alarm office is to be on a bargaining unit wide basis. The only criteria for non-emergency recall are listed hours of overtime and the availability of the individual.

Special events that are outside of normal staff duty hours or result in overtime shall be subject to the recall procedures and compensation provided for herein. However, once a member accepts overtime for a special event, the member shall not accept any other recall opportunity during the hours dedicated to the special event.

If a member leaves work and ~~manning~~ **staffing** falls below minimum staffing language in 2125.58, a fire fighter of equal rank will be recalled to fill that position.

Members who accept overtime and then cancel or decline that overtime shift within twenty-four (24) hours of the shift start shall be charged ~~one and one-half (1.5)~~ **two (2)** times the number of hours of the shift accepted. ~~This rule shall be effective until January 1, 2024.~~

~~Bureau personnel have the responsibility of notifying the alarm office of their vacations if they wish to be available for recall.~~

If, on the same day there is an "Acting Captain" (Lieutenant assigned to a Captain position). The City shall move the "Acting Captain" to fill the now open Lieutenant position, then recall according to contract language and past practice.

It is understood that if a member calls off after 0630 or leaves work, causing a need for recall, an officer or firefighter of equal rank to the vacant position shall be recalled. If the vacant position has a specialty assigned to it and no one with that specialty is currently working elsewhere, the member with the least amount of accumulated overtime who has that specialty will be called.

All requests for compensatory time off in excess of the above-referenced three (3) requests, shall be granted to members of the fire fighting platoons whenever the forecasted manpower strength for the day and shift requested is at least two (2) members above the minimum manpower established for the entire City. The request shall be submitted no more than sixty (60) days, but at least two (2) tours, prior to the requested day(s) off. The request will be approved, or denied, within five (5) tours of submission.

The Parties agree that, once a request for compensatory time off is granted, the approval cannot be rescinded by either Party.

A firefighter shall if they so elect be allowed to receive compensatory time off; in lieu of pay provided they do not exceed the 480 hour accumulation limitation set forth in the fair labor standards act, as amended. In the event the employee has not taken all compensatory time in excess of 480 hours by April 30th of the year following the year in which the time was earned, then the member shall be paid for all such hours in excess of 480 hours in the next regular paycheck.

The accumulated sick pay will be based on the employees' sick calculation as of September 1, 2009 and on January 1st of each calendar year after.

The sick pay selected under this program will be deducted from the total hours available at the time requested.

The employee who accepts accumulated sick pay under the provisions allowed in this section will not be entitled to paid extension of sick time effective with the acceptable of pay.

(F) In an effort to improve attendance and reduce the amount of unscheduled time off, an eligible employee, based on their sick time usage in the previous sick year, may annually convert a portion of their accumulated sick time into pay. For purpose of this Section, the sick year is September 1 through August 31. Effective January 1, 2019, a regular full-time employee with five (5) years of service with the City of Toledo may convert up to ninety-six (96) hours of accumulated sick time into pay annually, in accordance with the Sick Leave Conversion Table set forth below, provided the employee has accumulated at least six hundred (600) total hours of sick time as of August 31, 2018. Eligibility for this sick time conversion payment will be determined by looking back to the employee's sick time used and accumulated from September 1, 2017 through August 31, 2018. The deadline for an employee to declare participation, date of payment, and amount of payment, up to ninety-six (96) hours, is January 31, 2019.

- **2.** Employees who elect to use sick time to cover FMLA approved leave will count towards the amount of sick hours used.
- **3.** An employee also eligible for a payout under Section 2125.67(E) must elect to participate in either the payout under 2125.67(E) or the payout in Section 2125.67(F). An employee is not permitted to participate in both Section 2125.67(E) and 2125.67(F) in the same year.

2125.68 Sick Pay Usage

Sick Pay is pay to the employee for the necessary absence from duty on a regularly scheduled workday because of illness, injury, or exposure to contagious disease not in the course of their employment, or illness in the employee's immediate family that necessitates their absence from work or would result in serious hardship to their family. Attendance to the immediate family member at a hospital while undergoing serious medical attention shall be included under this provision.

Sick pay shall be made for illness or injury incurred as a result of outside employment. Sick pay is not to

be made to any employee as a result of any action within the control of the employee such as intentional self-inflicted wounds, use of drugs, or alcoholic beverages, while committing a felony or other criminal action.

For members working a platoon schedule, sick time usage will be calculated at a rate of 0.833 hours for every hour used.

For the purpose of this section an employee's immediate family shall include father, mother, brother, sister, spouse, child, stepchildren, mother-in-law, father-in-law, daughter-in-law, son-in-law, stepmother, stepfather, domestic partner, grandmother, grandfather, grandchild or any other relative residing in the household of the employee. A "domestic partner" relationship must have been pre-certified by the Department of Human Resources before sick pay usage may occur. The family illness provision shall be for a limited period of time (not to exceed three (3) days) to enable the employee to secure other arrangements for the care of the member of their immediate family.

2125.69 Reporting; Proof of Usage

2125.69 Reporting; Proof of Illness

The employee, while absent on sick pay, must notify the Toledo Fire and Rescue Department under policies as established by the Chief. When claiming sick days an employee must remain at home caring for their illness unless they are away receiving medical attention such as a hospital, at a doctor's office or at a pharmacy, and be able to document the absence from home.

(A) An employee who is absent on sick pay shall not be restricted insofar as personal freedom of movement to and from their place of residence with the approval of the Chief, or the Chief's designee. The employee then shall be allowed, under these conditions, to continue to receive sick benefits.

(B) An employee must submit documentation upon return to work sufficient to justify absence, if calling in away from home.

When the use of sick days extends beyond two (2) consecutive tours of duty or, for positions with a forty-hour work week the equivalent of three (3) consecutive eight (8) hour days, the employee shall furnish the city with a Statement of Attending Physician substantiating the facts concerning the employee's condition. The documentation shall be submitted either at the beginning of the next tour of duty or regularly scheduled eight (8) hour day, or thereafter when the employee returns to work.

In an effort to contain sick time abuse, a member may be subject to a home visitation, when the member is absent on sick pay.

The parameters of a home visitation are as follows:

(A) Through August 31, 2018, when a pattern of abuse is established a member may be subject to a home visitation. Effective September 1, 2018, when an employee on a platoon schedule utilizes forty-eight (48) hours, or an employee on a staff schedule utilizes forty (40) hours of sick pay within a sick year, that employee will receive a sick time notification letter. The sick time notification letter will inform

the employee that any sick pay utilized in excess of forty-eight (48) hours, or forty (40) hours, respectively may subject the employee to further investigation for the remainder of the sick year. For purposes of this Section, an investigation may include but is not limited to home visitation, requests for a Statement of Attending Physician (SAP), and/or requests for other supporting documentation, or

(B) When reasonable suspicion of sick time abuse exists, a member may be subject to a home visitation. Reasonable suspicion is not a single uncorroborated source, or

(C) If a member has a long term illness or injury they shall not be subject to a home visit. A long term illness or injury, as defined in 2125.68, shall require a City of Toledo (COT) Statement of Attending Physician (SAP) within fifteen (15) days, of the illness or injury. An SAP must be submitted every thirty (30) days thereafter. After seventy-five (75) days a member may be required to submit a COT Statement of Attending Physician, with a return to work prognosis, duty status, and treatment dates.

The Department may visit an employee at their home address between 0700 and 1900 hours. Upon arrival at the employee's home address, the department's visiting officer will call the employee's phone number on record with the department.

If the visiting Chief Officer or authorized Fire Department personnel does not make face-to-face contact when visited, the employee may be required to report to the contracted occupational health provider with the City of Toledo at a later time during the shift or tour depending on the employee's work schedule.

If a home visit or an evaluation at the contracted occupational health provider was not accomplished after efforts were initiated by a Chief Officer, then the employee will be considered in violation of this section of the contract. As a result, administrative charges will be served.

The provisions of this section, including the department's right to visit, also apply to employees' use of "family sick leave." If the employee is using "family sick leave" in accordance with Section 2125.68, the employee shall be at their home address, unless the employee otherwise reports to dispatch their location for care of the sick family member.

If an employee is found guilty of said charges, penalties will be as follows:

- 1st offense – Up to 15 day suspension
- 2nd offense – Up to 30 day suspension
- 3rd offense – Up to and including termination

Any employee found guilty of abusing the sick pay benefits provision hereto set forth or whose reasons for absence are falsified shall be subject to appropriate disciplinary action.

2125.70 Sick Pay Extension

In event of the extended illness of an employee and after having exhausted all accumulated sick days, bonus days and vacation days, then a request may be made to the Director of Human Resources for extended sick pay benefits. The employee's prior work record with regard to their usage of sick days and

their seniority will be taken into account in determining the eligibility of the employee for such extension. In the event a sick and accident insurance benefit mutually agreeable is secured, then this benefit shall be discontinued.

2125.71 Injury Pay

(A) Employees injured **or who have been diagnosed with an occupational illness** in the course of and arising out of their employment under such circumstances as would cause such injury, **illness**, or disability to be compensable under the Worker's Compensation laws of the State of Ohio will be eligible to participate in the City's injury pay program. The Cost Containment Committee referenced below will select the program physician(s) and medical facilities from submitted proposals.

1. Employees sustaining a work-related injury that requires medical attention at a medical treatment facility (i.e., sprains, simple fractures, etc.) will be transported to and treated by a program physician or medical facility. The program physician, along with rendering a diagnosis and prognosis, will determine if the employee is capable of returning to regular duties, whether a transitional work assignment is appropriate, and the necessary rehabilitation plan to be followed; this plan will include the duration of any transitional work assignment, not to exceed ninety (90) calendar days, and indicate any physical therapy the injured employee may require. The program physician(s) may require follow-up medical evaluations.

2. Employees sustaining a work related emergency/trauma injury (i.e., life threatening, severe body injury) may be treated at any medical treatment facility to which emergency medical personnel transport them. The employee will subsequently be examined by the program physician. The designated program physician will determine if the employee is capable of returning to regular duties or if a transitional work assignment is appropriate and the necessary rehabilitation plan to be followed; this opinion will include the duration of any transitional work assignment, not to exceed ninety (90) calendar days, and indicate any physical therapy the injured employee may require. The program physician(s) may require follow-up medical evaluations.

3. An employee may, after the initial evaluation by the program physician, elect to continue treatment with their personal physician provided the program physician's recommendations are followed. The employee will sign any necessary waivers to allow their personal physician(s) to release information to the program physician. The employee's personal physician will be the physician of record for Worker's Compensation purposes.

(B) Upon the program physician's determination that an injury **or occupational illness** requires the employee to be off work, wherein the employee reports said injury **or occupational illness** within twenty-four (24) hours of the incident of illness or injury, paid leave shall be granted by the Department of Human Resources for up to sixty (60) days.

Should such disability exceed sixty (60) calendar days, the Director of Human Resources, on application therefore and proof of continued disability, may extend the period during which such person is carried on the regular payroll. The length of such extended period or periods **for employees injured in the course of and arising out of their employment** shall not exceed two (2) years. **The length of such extended period or periods for employees who have been diagnosed with an occupational**

illness in the course of and arising out of their employment shall not exceed one (1) year.

Injury pay extension requests, accompanied by a "Statement of Attending Physician" setting forth the illness or injury and the need for additional time, must be presented to the Director of Human Resources no later than one (1) week after the expiration of the original sixty (60) day disability period. If the above requirements are not fulfilled, the request for injury pay extension may not be considered.

(C) Worker's Compensation: At the expiration of the injury leave granted, if the employee is still unable to return to work, the employee may elect in writing to use accumulated sick and other accrued time. If the employee is still unable to return to work, payment of normal wages will be stopped and the Industrial Commission will be requested to begin weekly payment under the provisions of the Worker's Compensation Act.

(D) If the opinion of the employee's treating physician conflicts with that of the program physician and such opinion is presented to the City in seven (7) calendar days of the program physician's evaluation, and if the physicians cannot agree after consultation, the employee will be referred for a third opinion. The Cost Containment Committee referenced below will establish a panel of occupational health specialists for third opinions. The third opinion shall be determinative of the employee's injury pay status under the contract and shall not be subject to further appeal or review. If the third opinion is consistent with the program physician's plan and the employee fails to abide by the rehabilitation plan, or if the employee enters and later drops out of the plan, then the City can recoup injury pay advanced from the employee's sick time accumulation. If the employee does not have a sufficient sick time balance, the City shall recoup the injury pay by reducing future sick leave earnings by one-half until the injury pay is fully recouped.

(E) Employees who sustain injuries in the course of and arising out of their employment under such circumstances as would cause such injury or disability to be compensable under the Worker's Compensation laws of the State of Ohio who choose not to be evaluated by the program physician or who choose not to follow that physician's recommended program and go only to the physician of their choice are not entitled to any paid injury leave benefits contained in this collective bargaining agreement. Notice of intent not to participate in the City's injury program must be given within three (3) work days of the injury. Any and all work-related injury claims will be processed through and conform with the Worker's Compensation Act.

(F) False Claim: the City reserves the right to recoup benefit payments from any employee who is guilty of submitting a false claim, or abuse of the privileges covered in this section, or working for another employer while on injury leave, and may take disciplinary action.

(G) An employee working in a transitional work assignment will be compensated at their regular rate of pay. With regard to the rights of other employees, the employee in the transitional assignment will be deemed not to be working out of classification.

Transitional work assignments will be identified by the Chief of the Department.

It is not the intent of this section to allow Divisions to provide transitional work above that identified nor is a Division required to provide transitional work where no such appropriate tasks have been identified and recognized.

(H) With the intent of this injury program being to minimize time away from work and return the healthy

employee to active employment as soon as possible, the Joint Labor-Management Health and Safety Committee (Section 2125.41) will also serve as a cost containment committee for Worker's Compensation.

2125.72 Bonus Days

A regular full-time employee of the City shall be given bonus days provided the employee has earned sick pay benefits in the previous year, in accordance with the Bonus Day Table set forth.

Following ratification, the City will furnish fifty percent (50%) of the retroactive payment for 2018. Subsequently, the City will furnish the remaining fifty percent (50%) retroactive payment for 2018 within the first quarter of 2019.

(B) By April 1, 2019, the per employee per month (PEPM) contribution to the Trust Fund shall be the same as the City's 2018 annual average PEPM, in accordance with paragraph (C) herein.

(C) The computation shall be made in the following manner: total health care City costs paid, as defined below, during the prior City calendar year shall be added together and divided by the average number of employees for that year. Employee count shall be as reported by the third party administrator for medical

(E) The amount computed pursuant to paragraph (C) shall then serve as the PEPM to be paid to the Trust Fund for the next twelve (12) month period.

Effective January 1, 2019 and each year thereafter the payment shall be adjusted based upon the City's cost, as computed above, for the preceding calendar year. On or before April 1st of each year, if the City’s newly calculated rate is greater than the prior twelve (12) month Trust Fund PEPM contribution, then a lump sum payment shall be made to the Trust Fund retroactive to January of the current year. If the new City rate is less than the prior twelve (12) month Trust Fund contribution, then the overpayment shall be deducted on a proportional basis from the next three months' payments to the Trust Fund.

(F) The Parties agree the foregoing formula requires timely production of all records used to compute “City costs paid.” The City agrees to provide Local 92, by the Healthcare Cost Containment Committee meeting or by the 3rd Thursday of each month, any and all data related to health care expenditures, and required for the calculation in (C) above. To the extent the City develops new records for tracking, monitoring, and/or in any other way evaluating healthcare costs, they shall be provided to Local 92 by the Healthcare Cost Containment Committee meeting or by the 3rd Thursday of each month. The City

further agrees to provide Local 92 with access upon request of any and all underlying data, reports, documentation and/or data however titled, and by whatever description, used to prepare the records described above. Up to two (2) Trust Fund and/or designated Local 92 members are invited to attend the City's Healthcare Cost Containment Committee meetings. The Parties recognize that it takes a couple of months to "close out" and determine the actual cost information for each calendar month. Thus, the Parties acknowledge and agree that, in an effort to ensure accurate cost data, the monthly information provided by the City will be at least two (2) months behind the current month's costs.

(G) The City shall make the monthly Trust Fund payment on or before the 10th of each month. Failure to make payment within five (5) days of the due date will result in a five percent (5%) interest charge on the payment due.

(H) The City's contributions to the Trust Fund shall be limited to the amounts set forth herein as determined through the calculations set forth herein; said amounts may be used by the Trust Fund to purchase whatever health care benefits they will buy.

(I) Local 92, in its sole discretion, shall have the authority to determine whether and if so, the amount of premium to be paid by Trust Fund participants. Local 92 may adjust premiums in its sole discretion. Premiums shall be deducted by the City through payroll and paid to the Trust Fund. Premiums will be deducted on a pretax basis, biweekly and remitted to Local 92's Trust Fund within seven (7) days. Local 92 may notify the City of any changes in individual premium deductions. Payroll deduction changes shall take effect the following month after notification to the City.

The Union shall indemnify and save the City harmless against any liability that may arise out of, or by reason of, any actions taken by the City for the purpose of complying with the provisions of Section 2125.75(H) and (I).

(J) Effective January 1, 1991, the Trust Fund Administrator shall be released on a full-time basis.

(K) In the event that at any time while this agreement is in effect, the Toledo Firefighters Health and Welfare Trust Fund ceases operations, the City must, beginning on the first day of the month following such cessation, and through the duration of this agreement, provide all Toledo firefighters with health care benefits as then provided under the City plan for members of the Toledo Police Patrolman's Association. The Fund shall provide notice to the City of such cessation sixty (60) days in advance of when assumption of health care coverage is to occur.

(L) To the extent there is any dispute, difference, or disagreement arising between the City and Local 92 as to the interpretation or application of any portion of Section 2125.75 an expedited arbitration process will be utilized. A panel of three (3) arbitrators selected by the parties, and identified by side letter, shall alternate in serving as the arbitrator. A hearing shall be conducted within thirty (30) days of the Union notifying the City of the dispute. Briefs shall be submitted within three (3) weeks of the hearing. The decision shall be due within three (3) weeks thereafter. Section 2125.75's status quo shall remain in place undisturbed until an arbitrator renders their decision. There will be no unilateral change for the City's contribution prior to Local 92 exhausting its appeal rights under this clause.

2125.76 The Ohio Police and Fire Pension Fund

(A) The City will continue to participate in the Ohio Police and Fire Pension Fund as provided in the Ohio Revised Code.

~~**(B)** The City will implement a pension “pick-up” plan in accordance with Internal Revenue Service regulations and Ohio Attorney General opinions, whereby State and Federal Income Taxes on employee pension contributions by all bargaining unit members may be deferred.~~

~~**(C)** Effective with the first full pay period of April 2012 the City will pay six percent (6.0%) of the employee’s pension contribution, and the employee shall be responsible for the remaining percentage (employee payment increased from 0% to 4%). In April of 2012 the employee receiving a reduction in pension pickup will receive a separate lump sum check in the amount of one thousand two hundred fifty dollars (\$1,250). Employees unaffected by the pension pickup reduction are not eligible to receive the lump sum payment.~~

~~**(D)** Effective with the first full pay period of January 2013 the City will pay three percent (3.0%) of the employee’s pension contribution, and the employee shall be responsible for the remaining percentage (employee payment increased from 4% to 7.0%).~~

~~**(E)** Effective with the first full pay period of January 2014 the City will pay zero percent (0%) of the employee’s pension contribution, and the employee shall be responsible for the entire employee pension contribution (employee payment increased from 7.0% to 10%).~~

(F) In the event the employee share of the pension contribution increases due to a change in law or regulation during the term of this agreement, the employee shall be responsible for paying the entire increase in the employee share.

~~**(G)** Employees are prohibited from receiving the payments specified in paragraphs (C) through (E) directly instead of having them paid by the City to the pension plan.~~

~~**(H)** All Local 92 members hired or reinstated after January 1, 2009 will be required to pay the entire employee contribution to the Ohio Police & Fire Pension Fund and will not be eligible to receive the lump sum payment as contained in sections (C) through (E) above.~~

(I) Effective the first full pay period of January 2014, and pursuant to sub-section (E), the parties agree and understand that the City’s pension pick-up plan referred to in this article will terminate, and the City will no longer implement or participate in any pension pick-up plan.

2125.77 Safety Equipment

The City will provide an employee purchase plan annually whereby employees will be able to purchase safety shoes and safety glasses, including prescriptive lenses, through a City program. The purchase program shall make these items available to the employee with sixty (60%) percent of the cost of the item being paid by the City and with the remaining forty (40%) percent to be paid by the employee. A

payroll deduction system will be established whereby the employee can authorize payment for items purchased under this program through the means of an automatic deduction from the employee's paycheck.

If the employee chooses not to use the City Program, once a year they may purchase a pair of shoes, (that comply with uniform specifications), from a vendor of their choice. Following the submission of a paid receipt the employee will be reimbursed up to \$50.00.

2125.78 Vacations/Kelly Days

Each employee shall have the option of receiving pay in lieu of using vacation for up to fifteen (15) days annually, provided, that the employee may receive pay for not more than a total of 15 vacation days and holidays combined. These days will be paid out at ten (10) hours per day.

All regular employees of the City shall be entitled to annual vacation pay in accordance with the following table:

AMOUNT OF SERVICE DURING PREVIOUS YEAR THROUGH DECEMBER 31	VACATION
Less than 1 full calendar year	.916 days for each full year month 40 hr. equivalency
After 1 full calendar year of service	5 tours of duty - or 2 weeks
After 7 full calendar years of service	7 tours of duty - or 3 weeks
After 14 full calendar years of service	9 tours of duty - or 4 weeks
After 21 full calendar years of service	11 tours of duty - or 5 weeks
After 24 full calendar years of service	13 tours of duty - or 6 weeks

In addition to the above, after one (1) full calendar year of service, the employee shall be entitled to one (1) full additional discretionary vacation day.

In determining eligibility for vacation, only continuous years of service shall be counted. Except where an employee has served nine (9) full calendar years with the City and has terminated and then returns to the City, such employee shall be entitled to count the prior service for determining eligibility for vacation.

An employee should take vacation in the calendar year following the year in which it was earned. In the event an employee is not allowed to schedule their vacation in the calendar year in which it should have been taken, they may request that such unused vacation be carried over to the following year. Such request must be submitted to the Department of Human Resources prior to December 1 of each year. All such carry over vacation must be taken no later than April 30 of the following year. Employees shall be allowed to schedule and take vacations and Kelly Days provided herein in accordance with existing Departmental procedures agreed upon between the City and the Union.

Permanent Kelly Days will be chosen by using departmental seniority, utilizing the following guidelines:

- 1. Kelly Days will be chosen within these classifications: (Captains, Lieutenants, and combined

Privates (Firefighters, Firefighter/Paramedics) on each shift.

- 2. All effort will be made to assure that there will be no more than a combined total of four (4) Privates at each station with the same Kelly Day.
- 3. Kelly days shall remain with the employee unless the employee transfers to a different shift.
- 4. Any forced doubling up of Kelly Days at the bottom of the seniority list will be corrected by using reverse seniority.
- 5. Probationary employees are subject to having their days altered as needed due to rotation.

Vacations will be chosen by using departmental seniority, utilizing the following guidelines:

- Vacation days will be chosen within these classifications: Captains, Lieutenants, Privates, Paramedics on each shift.
- 1. Each member must choose a four (4) tour vacation block following a Kelly Day in order to establish a two (2) week (5 tour) vacation period.
- 2. The chosen vacation period must fall within the scheduled calendar year. (Example: a member having December 28th as a Kelly Day could not add a 4 tour block to December 28th as there would cause the vacation period to carryover to January 9th of the following year.)
- 3. If a member fails to submit a Kelly Day and/or vacation request(s) for the current year, that member's request for the previous year will be consulted as to preference.

An employee shall not be allowed to be paid cash in lieu of receiving vacation unless the City for some valid reason has not allowed the employee to take the vacation time to which they are entitled by April 30 of the year following the calendar year in which it should have been taken. In that event, the employee shall be paid for such unused vacation days.

An employee may request the advance of five (5) days pay at the time of their vacation. The request must be made to the payroll clerk for the Department at least fourteen (14) calendar days prior to the payday on which the check is to be received. This may be done once each calendar year and is contingent upon the employee having worked in the period in an amount sufficient to be entitled to the advanced pay requested.

One (1) day of funeral pay shall be granted to attend the funeral **or memorial service** of the employee's foster mother, foster father, aunt, uncle, first cousin, niece, nephew, sister-in-law, and brother-in-law if such funeral **or memorial service** occurs on a regular work day and if such employee was scheduled to work that day. Where a special filial relationship exists between the employee and any relative for whom the employee would normally be granted the above one (1) day of funeral pay, three (3) days funeral pay will be granted upon the furnishing of an affidavit to the Department of Human Resources setting forth the facts as to the special relationship.

Such course work must be approved as job-related by submitting a description of the course to the office of the Chief of Toledo Fire and Rescue Department. As long as the course description is submitted prior to the start of the course, it shall be under consideration for job-related approval. In the event there is a dispute, the Academic Review Committee shall determine the status of a job-related course. The Academic Review Committee shall consist of one (1) member selected by the Director of Human Resources, one (1) member selected by the Firefighters, and the Chief of Toledo Fire and Rescue Department or designated Deputy Chief.

(B) The City shall reimburse one hundred percent (100%) of the cost of tuition and general fees, for a total of ten (10) credit hours per quarter or eight (8) per semester, regardless of the number of courses comprising these totals. 2125.96 EMS Training

2125.96 Paramedic Training

The Parties recognize the importance of providing the citizens of Toledo advanced life support ("ALS") protection. To do so there shall be a minimum of two hundred fifty (250) certified Local 92 paramedics.

Effective December 31, 2026, the Parties agree that the minimum number of certified Local 92 paramedics shall be increased to three hundred and five (305). The Parties also agree that this number shall include those in the paramedic training program at the time of calculation.

Achieving and maintaining the ~~two hundred fifty (250)~~ minimum number shall be done starting with volunteers and mandating, only if there is an insufficient number of volunteers, by reverse seniority. This training program shall be done according to the following provisions:

- As long as there are ~~two hundred fifty (250)~~ **three hundred and five (305)** certified Local 92 paramedics becoming a paramedic shall be voluntary;
- If the total number of Local 92 paramedics falls below ~~two hundred fifty (250)~~ **three hundred and five (305)**, existing Local 92 members first shall have the option of volunteering to become certified **based on seniority**; if there is an insufficient number of volunteers then the department shall have the authority to mandate paramedic certification via reverse seniority;
- The City shall pay for the paramedic training for Local 92 members who either volunteer or are mandated to undergo paramedic training. The city shall only be required to pay for one (1) paramedic training per Local 92 member. **The Parties agree that for the 2024-2026 CBA, the City will pay the tuition costs up front rather than on a reimbursement basis;**
- The City shall reimburse the member for **one (1) refresher course and** up to ~~three (3)~~ **six (6)** NREMT exam attempts if necessary. Any ~~refresher course or subsequent exams~~ **or refresher courses** shall be at the expense of the member;
- Local 92 members who either volunteer or are mandated and elect to undergo their paramedic certification shall be detailed to a ~~life-squad~~ **medic unit** on duty as a "3rd" rider, to satisfy the certification ride time of the program. Local 92 members also may opt to complete ride time hours on their own time (ie, scheduled days off). It is understood that all other paramedic training, other than ride time, shall be completed off duty, on the member's own time.
- A joint committee shall recommend a list of outside paramedic programs. Any approval of an outside program shall be at the Chief's discretion;

- A Local 92 member who opts to receive paramedic training from an approved program shall be reimbursed after successful completion of NREMT-P certification; members who attend an approved program that is semester or quarterly based will be reimbursed on a semester or quarterly basis but will not be reimbursed for the final semester or quarter until furnishing a valid NREMT-P Card. Members must pass each semester or quarter to be reimbursed. The City shall reimburse the member for up to three (3) NREMT-P Exam attempts if necessary. Any refresher course or subsequent exams shall be at the expense of the member.

- A Local 92 member who obtains their State of Ohio Paramedic card on or after August 1, 2024 shall be required to function as a paramedic for a minimum of ten (10) years after their first day operating in that capacity.

- A Local 92 member who receives paramedic training and does not pass either a semester, a refresher course, or the NREMT-P certification, or who fails to obtain their NREMT-P card, must repay any costs paid by the Department.

- Any employee who receives paramedic training and resigns or retires (non-disability) must repay any costs paid by the City for all courses taken less than five (5) years prior to the date of separation. The Parties agree that tuition costs will be reimbursed to the City on a prorated basis based upon the years of the employee's service after the program is completed, i.e., for every year the employee works after the program is completed, the amount owed back to the City is reduced by 20%. If necessary, this amount will be deducted from the employee's severance pay or his/her final paycheck. The City reserves the right to use all legal means available to recover the costs paid pursuant to this section.

- Local 92 members hired prior to December 31, 2001 shall have the right to drop their paramedic classification at any time;

- Local 92 members hired after January 1, 2002 will be required to maintain and work as a paramedic unless the total number of Local 92 paramedics is greater than ~~two hundred fifty (250)~~ **three hundred and five (305)**. If so, members shall be allowed to drop their paramedic classification by seniority on a one-for-one basis, maintaining the ~~two hundred fifty (250)~~ **three hundred and five (305)** minimum threshold;

- Local 92 members mandated to undergo paramedic training and who fail to successfully pass NREMT-P, **including the entrance exam,** shall lose their current bid and bid rights for a period of 1-year **three (3) years**. That 1-year **three-year** period shall commence from the date that it is determined that the member will not successfully complete the paramedic training. There shall be no other discipline and/or job action for those failing to successfully complete NREMT-P. This provision does not apply to Local 92 members who volunteer for certification. Volunteer members who fail shall not lose their bid rights and/or be disciplined in any other way. All firefighters agreeing to paramedic training **or Paramedics needing remedial training** may be temporarily assigned to a different shift **work schedule and assignment.**

- If, at any time, the Department's contracted Medical Director prevents a Paramedic from working under his/her license, the member may be placed on restricted duty with pay and undergo a remediation program as determined by the Fire Chief.

2125.97 Medic Unit

2125.97 Medic Transport

Because, the City of Toledo experiences a high volume of emergency runs requiring ~~a~~ **medic transport unit**; and therefore, the parties intend for this agreement to result in medic transport **unit** calls to be handled by Toledo Firefighters without any change to any contract provision, including but not limited to Section 2125.58 minimum staffing requirements. A medic transport **unit** is defined as an ambulance intended for **treating or** transporting a BLS patient.

Toledo Firefighters possess the expertise and equipment to handle such calls. ~~The parties agree to the following points concerning staffing and personnel assignments:~~

1. The City of Toledo and Toledo Firefighters Local 92 agree that emergency runs requiring medic transport **unit** arising inside the City of Toledo **, or the jurisdictions that the City has mutual aid agreements with,** may be handled by Local 92 members.
2. **As long as minimum staffing is met, effective upon ratification of this Agreement, the City of Toledo shall have at least thirteen (13) medic units staffed daily. Effective September 30, 2025, as long as minimum staffing is met, the City of Toledo shall have at least seven (7) fifteen (15) medic transport units in-service staffed daily. Anything in excess of seven (7) fifteen (15) medic transport units will be determined by the fire administration. No more than two (2) medic units shall be placed out of service to cover detailing as defined in 2125.99.**
3. In order to ensure fair and adequate staffing of the medic transport units it is agreed that no member is exempt from working on the medic transport units. Officers ~~are not required~~ **may be assigned** to ride the medic transports **units**. A Firefighter must have five (5) years seniority ~~to act on the engine.~~
4. ~~Paramedics will not be mandated to ride medic transport units but shall be part of a fair and adequate rotation.~~
4. In the event this agreement results in the addition of new job duties and responsibilities which cannot be handled by the minimum manpower staffing level in 2125.58, it is agreed that the parties shall meet to discuss and resolve such issues.

The following items will be included in a policy established by the Toledo Fire and Rescue Department administration pertaining to engine companies.

1. Medic transport **units** may respond alone to first responder BLS runs.
2. Transport differential. Each employee who works on a medic transport vehicle **unit** as a part of the daily staffing (not including those in training and riding the vehicle for training purposes) shall be paid a differential equal to a certain percentage of their hourly rate of pay. The differential shall only be paid on all hours assigned on the medic transport **unit**. Assignment on a medic unit could include a partial tour. For example, Kafka and Locke are assigned to the medic transport **unit** for the twenty-four (24) hour tour. Kafka goes to dive training. Plato then comes in to cover for Kafka for four (4) hours. Kafka returns and balances the tour. Kafka gets twenty (20) hours of differential; Plato gets four (4) hours differential. Locke gets twenty-four (24) hours of differential. On transport vehicles **medic units** requiring the staffing

of two (2) employees, the ~~transport~~ **medic unit** differential will only be paid to the two (2) designated employees, not any additional personnel that may be working on the same medic ~~transport vehicle~~ **unit**, unless authorized by the fire chief for extenuating circumstances. The differential is 6%.

2125.98 Mid-Term Bargaining

In the event the City as a result of exigent circumstances (as this term is defined under Ohio law developed under R.C. 4117) that were unforeseen at the time of negotiations or the passage of legislation which conflicts with the terms of this agreement finds it necessary to seek a change or changes to a term or terms of this contract, the City, after approval by City Council, shall notify the Union of the proposed change or changes. The Union may, within ten calendar days of such notice, submit a written demand to bargain over such change or changes.

Should the Union demand to bargain as provided herein, the parties shall engage in good faith bargaining for a period of not less than five days and not more than ten days. Bargaining shall be conducted by teams consisting of not more than four persons, unless a larger number is mutually agreed to by the City and the Union.

If the bargaining teams have not reached agreement by the end of the bargaining period, the parties will engage in mediation for a period of not more than ten days, or until a resolution is reached or impasse is declared by either party, whichever first occurs. The mediator shall be assigned by the State Employment Relations Board, unless the parties mutually agree on a mediator.

If the parties have not reached agreement by the end of the mediation period, the City may elect to submit the unresolved issue or issues to conciliation. The conciliator shall be selected and the hearing conducted in accordance with the provisions of R.C. 4117 and the implementing provisions of the Ohio Administrative Code. The City shall maintain the status quo until the conciliator provides their decision.

If the City does not elect to submit the unresolved issue or issues to conciliation, the status quo shall be maintained.

Proposed changes to this agreement that arise within 120 days of the agreement's expiration will not be deemed mid-term issues. Such issues will be held over until negotiations for a successor agreement commence and this procedure will not apply.

2125.99 Detailing Agreement

1. Detailing shall be defined as the practice of removing and replacing one (1) or more members from an apparatus for usually eight (8) hours or less, without placing the entire unit out of service. At times it may be necessary to place one (1) engine or its equivalent per battalion out of service to facilitate training. Members who volunteer shall retain all bid rights. Temporary assignments, other than relief pool personnel, shall be limited to twelve (12) months in duration. Temporary assignments that result in staffing falling below the minimum staffing language in 2125.58 shall be recalled to fulfill required minimum staffing level.
6. Special assignments are defined as those circumstances where an entire crew is involved in a particular activity. Special assignments shall be conducted in service and in district) except for maintenance and/or specialty units (haz-mat, confined space, water rescue, etc. Special assignments shall be limited to public relations activities, rig maintenance programs and comprehensive drills.
